

India AI Impact Buildathon – Final Round FAQs

1. Can I participate individually (solo)?

Yes. Solo participation is allowed.

2. How many members can attend per team?

Up to **4 people per team** can attend the event.

These can be team members or accompanying visitors as viewers. No extra entries will be allowed beyond this limit.

3. Can only one member attend and represent the team?

Yes, one member can represent the team if needed.

4. Can we add or change team members now?

You can **add members** up to the 4-member limit. You can ask the additional team member to fill in the google form with the same team name.

Swapping or replacing existing members is not allowed.

5. Will we get access to other summit events?

Yes. You can attend other summit sessions, subject to venue Government security protocols.

6. Are the passes valid only for the hackathon day or the full summit?

Your pass is valid for the **full summit**.

7. How will registration and entry work?

- Complete the summit registration for entry at Summit :
<https://impact.indiaai.gov.in/registration>
- Also fill the **Buildathon Google Form** to get entry in the Buildathon Venue -
<https://forms.gle/Jwea817sDAHrwSgf7>

8. What do we need to bring?

- One laptop per team
- Valid ID card
- Registration confirmation/pass

9. Is virtual participation allowed?

No. The final round is **in-person only**.

10. How will judging happen during the 2-hour event?

You will receive **test cases**, and solutions will be **evaluated on automation**.

11. What is the selection criteria for Top 6 teams?

- Performance on evaluation test cases
- In case of a tie, **first submission score/time** will be used as the tiebreaker

12. Will L2 be judged based on L1 scores?

No. Final evaluation starts fresh. Previous scores are only considered for tie-breakers.

13. If there are multiple problem statements, will there be separate winners?

No. There will be **overall winners only**.

14. Will there be additional testing or another challenge round in finals?

Yes. Additional testing and a refinement round will be conducted.

15. What is expected in the final round ?

- Refined submission
- Live demo
- Short pitch/presentation

16. Is PPT submission required before the event?

Yes. Details and timeline will be shared with shortlisted teams.

17. Are there any security checks or restrictions at the venue?

Yes. Entry will follow **government security guidelines**. Instructions will be shared closer to the event.

18. Is police verification required?

Not from our side. However, the government may conduct standard security checks if required.
